Purchaser Allocation: 26,666,666 \$BALLS

Purchase Price: \$0.0075 USD per token

Total Consideration: \$200,000 USD

### 2. Vesting Schedule (Bespoke Terms)

Subject to the terms and conditions of the SAFT, the Purchaser's tokens shall be delivered according to the following revised vesting schedule:

TGE Unlock (Token Generation Event): 20% of allocated tokens (5,333,333 \$BALLS) shall be released on the date of mint and official launch (anticipated to be July 31, 2025).

Monthly Vesting: The remaining 80% (21,333,333 \$BALLS) shall vest in equal monthly installments over a period of 6 months following the TGE.

Monthly Vesting Amount: 3,555,555.50 \$BALLS (rounded to the nearest whole token)

Final Vesting Date: January 31, 2026

### 3. Cliff and Lock-Up

There is no cliff period beyond the TGE.

Vesting begins immediately after the TGE, with monthly releases on the final calendar day of each month.

### 4. Transferability

All token transfers remain subject to the applicable regulatory and contractual restrictions, including compliance with securities law and Know Your Customer (KYC) / Anti-Money Laundering (AML) requirements.

### 5. Additional Notes

This bespoke vesting schedule is provided in recognition of the Purchaser's strategic role and material early support for the project.

Token delivery is conditional upon the successful minting and deployment of the \$BALLS token and the availability of a compliant distribution mechanism.
